Rulers of Evil: Useful Knowledge about Governing Bodies

F. Tupper Saussy

Rulers of Evil: Useful Knowledge about Governing Bodies F. Tupper Saussy

Rather than pass through the Atlanta Federal Prison Camp gate to serve a sentence for a tax misdemeanor back in 1987, author F. Tupper Saussy chose to become a fugitive in order to freely investigate his adversary -- the United States of America. What he discovered was valuable new proof of a vast Roman Catholic substratum of American history -- more specifically, that Jesuits played eminent and underappreciated roles in persuading New Englanders to rebel against their mother country in 1776. Indeed, according to Saussy's groundbreaking discoveries, the American Revolution and its resulting constitutional republic may have been single-handedly designed and supervised by a Jesuit named Lorenzo Ricci -- this country's true founding father. Provocative and utterly compelling, *Rulers of Evil* analyzes the hundreds of historical clues left by the true leaders of the world. It should be read by anyone desiring to know, definitively, why America works the way it does.
